

Easy Ways to Go Green for Earth Day

Pressed Base featured on KTVU

“Ladies, fun fact – we put on 4 pounds of makeup every single year – you don’t realize what your skin is absorbing. So, is it time to cut back? Cut back, or use different products – I can’t really cut back on the makeup so I go with Glo. This is a great pressed mineral cosmetic line. This is their #1 seller, it’s durable and amazing and buildable and it’s a great foundation.”
