SKIN MASK APPEAL

Whether purging pores, boosting moisture or getting a "lift" is on the to-do list, these treatments give skin exactly what it craves.

CLARIFYING When hormonal breakouts strike, Yes To Tomatoes Detoxifying Charcoal Acne Fighting Chin Mask has us covered with its targeted treatment. Shiseido WASHO Purifying Peel Off Mask removes dirt, pollution and grime in one very-satisfying try; the wash-off Erno Laszlo Pore Cleansing Clay Mask sports both kaolin and bentonite clays for a double dose of detoxification; coconut oil-powered Kopari Coconut Detox Mask gently clears out bacteria but leaves skin dewy, and for a weekly pollution-lifting treatment, look no further than Orveda Deep-Clearing Mud Masque, which also nourishes with natural probiotics.

TIGHTENING Glo Skin Beauty Phyto-Active Firming Mask takes advantage of peptides, collagen and plant stem cells to iron out lines and tighten slack skin. Lancôme Renergie Lift Multi-Action Firming Mask restores lost elasticity and hydrates skin via a high concentration of natural wax. Guerlain Belle Royale Honey Cataplasm Mask works to reverse signs of skin aging with kombucha-derived actives; microneedle-infused SHIFFA Amuse Dissolvable Patches for Smile Lines help fade lines around the mouth; and "micro cones" in Exuviance HA100 Micro-Filler Patches dissolve into skin over a few hours to lessen expression lines.

GLOW GETTERS The latest addition to the famed Summer Fridays lineup, R+R Mask involves a bouquet of radiance-boosting rose powder and petals; the two-piece TULA Major Glow Cooling & Brightening Hydrogel Mask contains topical brighteners and probiotics to impart next-level radiance that lasts; KLEI Nourish French Rose Clay Mask boasts skin-softening coconut milk and honey for a major refresh; several sizes of hyaluronic acid make up the no-poke Tata Harper Hydrating Floral Mask; and works-while-you-sleep Youth to the People Superberry Hydrate + Glow Dream Mask is the easiest way to wake up glowing.
