

10 Beauty Treats To Help You Get A Radiant Summer Look

Daily Power C

“When it comes to patients looking for advice on how to get rid of scars left behind by acne, Deanne Mraz Robinson, MD, FAAD, of Modern Dermatology in Westport, Connecticut has an easy Rx. She is a fan of topical vitamin C, which she calls a powerhouse, ‘It can help combat hyperpigmented acne scars in addition to helping build new collagen and thus, smooth out acne scarring’.”
