

### STOMACH

Cover-ups can be fun, but baring a summer-ready midsection is even better. Creating an alluring belly is as easy as covering it with a shimmer that would make the sun envious. Antioxidant-rich sunscreens that add moisture without feeling as if they're adding layers are key. »

## Clear Skin Body Spray

"It's easy to forget to show your back some love because, well, it's always behind you. But when the warm weather arrives, you want to keep that area soft, glowing and blemish-free."
